Summary :

As a MERN developer, I'm deeply committed to expanding my expertise in modern JavaScript, React, Node.js, and database design. I've built several full-stack projects that strengthened my understanding of authentication, data flow, and UI/UX. I'm eager to apply my skills in a real development environment while continuing to learn advanced concepts and industry best practices.

Skills:

Frontend: React.js, React Router, Context API, JavaScript, HTML5, CSS3, TailwindCSS

Backend: Node.js, Express.js, REST API Development

Database: MongoDB, MongoDB Atlas

Authentication & Hosting: Firebase Authentication, Netlify, Vercel

Tools & Other: Git, GitHub, VS Code, Postman, NPM, Vite, Figma

Others / API Handling: Axios, Fetch API

Soft-Skills: Problem Solving, Teamwork, Fast Learner, Communication Skill.

Projects:

DailyLoop – Habit tracking web app

[Front-end](#) || [Back-end](#) || [Live Demo](#)

A full-stack MERN web app that helps users create, track, and maintain daily habits through streak tracking and progress visualization.

- **Tracked** and **visualized** daily habits with progress streaks for consistent engagement.
- **Implemented** secure, personalized habit dashboards with real-time updates.
- **Optimized** responsive frontend and backend integration for seamless habit management.
- **Tech Stack:** React 19, React Router 7, Tailwind CSS, Node.js, Express.js, MongoDB Atlas, Firebase Authentication, REST API, Vite, Netlify, Axios.

PetWarmPaws – Winter pet care services app

[Github](#) || [Live Demo](#)

Modern, responsive pet-care services with best available pet shop website with clean UI, animations, and fast performance.

- **Empowered** pet care that educates and equips owners to safeguard pets during cold weather.
- **Developed** engaging and responsive UI with **dynamic** animations and **user-centric** design.
- **Achieved** optimal performance with **scalable** architecture and **reliable** hosting.
- **Tech Stack:** React 19, React Router 7, Tailwind CSS, Framer Motion, Swiper Js, Firebase, React Hot Toast, Animate.css, React Icons, and Vite.

Education:

Govt. Syed hatem ali college, Barishal

MBA in Marketing

Year-2020

Language:

Bengali (native), English (Professional Working Proficiency)
